

IC3DTH Conference Abstract Submission Guidelines

Abstract preparation

- Each abstract should be submitted in .docx format (Word format) or PDF format
- Your abstract may be selected by the Scientific Committee either for an Oral or Poster presentation.
- Indicate the category among:
 - International Projects
 - National Projects (Austria)
 - Research & Development
 - Clinical Use Cases
 - Imaging and Modelling & Emerging Technologies
 - Reimbursement & Regulatory Aspects
- Abstracts must describe an original work
- Each abstract should be prepared according to the following guidelines and the abstract submission template (last page)
- Spacing and paragraphs:
 - The first line of paragraphs should not be indented. There should be one single space between paragraphs: title, authors, affiliated institutions/hospitals, and the abstract text. There should be no space between the authors and the affiliated institutions/hospitals
 - The title should be in Bold Lowercase Letters (Every First Letter of Each Word Should Be Uppercase) without accent marks, as brief as possible (no more than two lines) and it should not contain information that reveals the source of the abstract
 - The total length of the abstract text must not exceed 300 words (included in this count: *Background, Methods, Results, Conclusions*). It is not recommended to postulate that “the results will be discussed during the oral presentation” or that “other data will be presented later”. Use standard abbreviations where appropriate. Include any other abbreviations in brackets after the full word the first time it appears.
 - All of the authors' names should be written so that the surname should follow the first initial of the name, and the superscript should be inserted at the end with no space. The presenter's name should be underlined; the superscript should not be underlined. Listed names should be separated by a comma, e.g. M. Jenkins¹, A. Smith².
 - Institutions should be written below the authors. The name of each institution should precede the location. If the location is included in the name of the institution, the location should not be repeated (e.g., Medical University of Vienna, Austria)
 - One table or image is allowed at the end of the abstract. It should be in a picture format (JPEG, PNG, TIFF or PDF). It should be spaced from the end of the abstract with one indentation.

Abstract submission

- Abstract submission can be done via email at the address abstracts@m3dit.org within the abstract submission period with deadline on 16.06.2025.
- Abstracts submitted after the deadline will not be considered for presentations.

The Abstract template follows in the next page.

Abstract Title in the Field of 3D Technologies in Medicine Presented at the IC3DTH Conference 2025

A. Author^{1,2}, B. Author¹, C. Author², D. Author³

¹Medical University of Vienna, Austria, ²Erasmus University Medical Center, Rotterdam, Netherlands, ³Kepler University Hospital, Linz, Austria
